

The Core Suite is a suite of journals, ebooks, videos, and more that provides students and practitioners with quality health information. It consists of: Biomedical Reference Collection: Comprehensive Edition | CINAHL Complete | EBSCO eBook Subscription Collection - Nursing (New) | Evidence-Based Medicine Reviews (EBMR) | Lippincott Williams & Wilkins (LWW) Total Access Collection | MEDLINE (Ovid) | MEDLINE with Full Text (EBSCO) | PsycARTICLES | PsycINFO

Your investment in the eHLbc Core Suite is worth it. As a full member, you receive:

1

Deep Discounts

eHLbc uses a centralized licensing strategy which leverages the provincial group purchasing power of 50 health and post-secondary members to achieve impressive discounts.

2

Stable Pricing

Costs for the Core Suite are fixed for four years, with annual increases well below industry standards; this allows institutions to budget with confidence and frees up dollars for specialized needs.

3

Expert Negotiators

Expert negotiators work diligently for eHLbc members to develop fruitful relationships with vendors and achieve the best possible prices for the consortium.

4

Equitable Access

The Core Suite guarantees that regardless of location, all health practitioners, researchers, educators, and students have access to a baseline collection of information necessary for work and study.

Savings

of \$2.7 million annually

Discounts

for members from 20-100%

Access

to ~745,000 journals, ebooks, videos, & more
